## INDEPENDENT REPORTER GOES ON INSECT RESEARCH JAUNT

Discovers That Hymenopterous Ichneumon Fly That Has Been Causing Consternation Among Elm Street Residents Is A Better Friend Than An Enemy—Destroys Other Insects And Does No Harm Himself.

(By ART BRYDON)

The residents of Elm St. have been caused some consternation of late by the appearance of an insect which is strange to them, on the maple trees of the neighborhood.

Let their minds be set at ease. The insect has been identified as the common Ichneumon fly. There are many forms of this insect in existence but this form is the true Ichneumon fly.

The fly is about one and one-half inches long with two pairs of transparent wings. On its head is a pair of orange antennae and in the thorax region there are three pairs of legs partly orange in colour. This insect is most easily distinguished, however, by three long thread-like appendages on the rear of the abdomen. These are usually from three to four inches long and the centre one, or ovipositor, is capable of piercing the hardest wood.

Although an extremely ugly little fellow, the Ichneumon fly is one of our most beneficial insects. The long ovipositor is used to lay its egg in or on the larvae of certain harmful wood-boring insects, tomato worms and other harmful creatures common to Canada. In reaching these larvae the ovipositor is often required to bore through very hard wood and other material and although it is only a thin thread-like spear it is entirely capable of these feats.

Let me therefore recommend that the citizens of Elm St. save their D.D.T. for some other more harmful inhabitant of the insect world and leave the hymenopterous Ichneumon fly alone because, believe me, that ugly little gentleman is your friend.

### LIONS CLUB CARNIVAL WAS WELL PATRONIZED

Crowds Thronged The Municipal Grounds On All Three Nights — People Enjoyed Themselves.

The last three night of last week were nights of fun and frolic in Grimsby, when the Lions Club again staged there big carnival on the Municipal grounds, after having missed last year.

The attendance on all three nights was up to par and the people had a lot of fun playing the various games, riding the merry-go-round and ferris wheel and as a result the Club will have a tidy profit to place in their coffers for the carrying on of their work for the next year.

On all three nights there were grand drawings for valuable prizes and the lucky winners got full value for their expenditure.

## IT IS STRAWBERRY TIME

Todd Factory Has 175 Women Hulling The Luscious Fruit —They Earn From Five To Eight Dollars A Day—Pulp Is Stored Away For Future Processing Into Jam —The Editor Of The Independent Hulled Strawberries In This Same Factory 45 Years Ago For Five Cents An Hour—Containers Were Soldered By Hand.

(By ART BRYDON)

One of Grimsby's canning factories owned by Canadian Canners Ltd. and managed by Norman J. Todd, is now well into its second week of preparing strawberries for jam.

In the bright clean processing room about 175 women are working steadily hulling the berries, for which they receive from 5 to 8 dollars per day. As well as the women, there are about 25 young men on the staff of the factory.

To supplement the local berries there are many trucked in from the Brantford area, arriving in the late evening and all through the night.

The factory keeps only enough of the fruit on hand to keep their staff busy and any surplus which may collect is put into cold storage at once. The fruit goes at once to the processing room where it is washed and hulled by long lines of women working at slowly moving conveyor belts. The berries are placed in pans which hold about three quarts of fruit and taken to the end of the belt where they are inspected, weighed and transferred to Cooper barrels to be trucked to storage to await the jam makers.

### ASKING AGAIN TO HAVE SPEED LIMIT REDUCED

Township Council Wants 30 Mile Maximum On No. 8 Highway—Auditor's Report Received.

North Grimsby Council met in special session on Friday night last when Township Auditor Stewart S. Joacelyn presented his report for 1946. The statement showed the township to be in good financial condition.

Once again the question of having the speed limit on No. 8 Highway through the township from the Saltfleet line to Kerman avenue and from the eastern limits of the town to Clinton township line, came to the fore. Several times in the past the council have requested the Department of Highways to reduce the speed limit on these two sections of the highway to 30 miles per hour but have never been successful in having their request granted.

The reason for the request is the thickly populated sections in which No. 8 runs through, also the fact that two schools are on this highway. A motion making the request again was sponsored by Deputy Reeve Aikens and Councillor Mitchell and passed by council.

(By THE EDITOR)

In the accompanying column, The Independent's crack kid reporter, Art Brydon, tells you all about the condition of affairs at the Todd factory on Robinson Street North.

He tells you how Norm Todd and Harry Holmes and all the rest of that very efficient factory staff are putting up strawberries. He tells you all about the modern machinery; the new rest rooms; and the method in which the berries are put away for future use.

He tells you that there are women working in that factory who are making from five to eight dollars a day. He tells you that everything is spic and span; clean and sanitary; that you could eat and enjoy a meal off the floor.

Now I am going to tell you my story.

Away back in the beautiful, but not dim, but I must admit, the distant past, I worked in that old factory, hulling strawberries, for five cents an hour. That was even before the days that the late Edward Todd, father of Norman, came to take charge of things. That was back in the days when Charlie MacCartney, father of Cliff MacCartney, was the poop-de-poop around that processing plant.

Many and many a day I stood at those old wooden tables, ready to fall down, hulling strawberries. The berries then were put in pans.

### BROTHER MEETS SISTERS AFTER A LONG ABSENCE

Reunion At Home Of Mr. And Mrs. A d a m McGregor Brings Family Together After 31 Years.

A family reunion held last week at the home of Adam and Mrs. McGregor, 15 Adelaide Street, brought a brother and two sisters together after an absence of 28 and 31 years.

The interested parties in this get together were Horace Crittenden of Port Arthur, and Mrs. McGregor, whom he had not seen in 28 years, and another sister, Mrs. Lewis Stone, of Rochester, N.Y., who had not laid eyes on her brother in 31 years.

All the McGregor family were present to greet their uncle and aunt and join in the happy festivities.

Mr. Crittenden, who was accompanied by Wm. Herman, also of Port Arthur, is a veteran of the First Great War, having served overseas with the 162nd Battalion.

## Council Will Ask For Mail Delivery In Town

### A BEAUTIFUL NEW AVENUE

There is a new street in Grimsby that very few local residents know anything about. This street is not paved and has no cement sidewalks, but it does have a very fine row of summer homes facing onto a sandy beach, with the blue rippling waters of Lake Ontario lapping that beach.

Pictured above is this new avenue of cottages and to say the least they are a credit to their owners and operators, Edw. and Alice Hand.

This avenue of summer cabins is situated on the Hand sand strip at the foot of Maple avenue and no finer cabins are to be found anywhere in the Fruit Belt. All told the Lakeside Cabins, which name they go by, total 24, 18 of them along the lake front and six on top of the hill. Those on the hilltop are surrounded by a beautiful lawn,

shrubs and flower beds with a most excellent view of the lake.

All the cabins are light and airy, with hot and cold running water, shower baths and toilets. Floors are covered with beautifully patterned linoleum, the beds are all three-quarter and double size with springs and mattresses and besides the regular bed coverings each one is provided with a Hudson Bay blanket. All cabins are lighted by electricity and provided with electric hot plates. Kitchen cabinets are built in.

At the rear of the lake shore cabins are the boat houses and net reels of the Hand fishing fleet and the fishing operations prove to be of much interest to the many tourists and visitors that come to enjoy an overnight rest or a week's holidays at this cool, restful spot.

Much money has been expended during recent years by Mr. and Mrs. Hand in building up this holiday rendezvous in the matter of cutting a channel through the sand-strip for the fishing boats and pleasure craft, providing tons of heavy stone, cement and timbers along the shore line to protect the beach from erosion, as well as the construction of the cabins.

Last week Miss Betty Hand and Miss Francis Dufoe opened up a refreshment booth on the beach in order to provide further service for the patrons of the cabins.

This holiday resort is one that Grimsby people can be justly proud of and it is well worth the time for citizens to pay it a visit and just see what we really have in our midst in the way of providing high class accommodation for American tourists and other holiday visitors.

Request Will Be Made To Postmaster General—Police Matters Again Cause Of A Very Heated Debate — People Will Be Asked To Vote On Question—Mayor Bull Suggests That A Book Of Remembrance Of All Service Personnel Be Prepared.

A song writer once wrote a ballad entitled "A Policeman's Lot Is Not A Happy One". If he were alive today he would surely write a sequel called "A Councillor's Lot Is Not A Happy One", particularly when the question of police matters comes up on the agenda.

The local police force and police matters in general have been a bone of contention in Town Council for the past five months. At last regular meeting things waxed very hot and the battle raged for an hour and 20 minutes. At last night's monthly session the question again occupied the time of council members and their vocal organs for a like period of time.

The argument all started when a motion sponsored by Reeve Hewitt and Councillor Johnson was read requesting that the Provincial Police be asked to take over the policing of Grimsby. Mayor Bull had hardly finished reading the motion when Councillor Bonham was on his feet with all his armour on.

Bonham: "Two men absent. I do not believe there should be any rush in their absence, Inspector

(Continued on page 12)

### ADVERSE WEATHER HAS RETARDED FRUIT CROP

Estimate Of June 15th Shows Peaches Will Not Be Better Than A 47 Per Cent Crop.

The Ontario Fruit and Vegetable Statistics Committee publishes the following summary giving the condition and prospects for fruit crops as at June 15th.

#### WESTERN ONTARIO

Except for some indication of frost damage to cherries in a few areas, winter injury to tree and other fruit was negligible. The long cool wet spring retarded blossoming which was nearly three weeks later than normal. During the extended bloom period of tender fruits bees were inactive, and pollination and set were generally poor in most districts. Under somewhat difficult conditions in many areas fair to good spray practices have generally been carried out.

A result of the adverse weather conditions was considerable blossom and stem rot particularly in cherries; also peach leaf curl in Niagara, Burlington and Middlesex in many orchards. Although conditions have been conducive to apple scab development, there has been no appreciable evidence of this fungus to date. The only insect damage reported is Oyster Shell Scale in Georgian Bay and some incidence of case bearer, leaf roller and bud moth in Norfolk. Rodent damage has been more severe in the Georgian Bay District than in 1946.

(Continued on page 10)

### LOCAL GAS CONSUMERS WILL NOT BE SHORT

Grimsby Natural Gas Co. Will Not Be Affected By The Rationing Order Effective In November.

Grimsby and other centres served by the Grimsby Natural Gas Co. will not be affected by the natural gas rationing order which becomes effective in November, it was learned on Monday from C. H. Rahn, superintendent of the company.

The Grimsby Natural Gas Co. (Continued on page 9)

### LIFE SAVING EQUIPMENT AT SWIMMING BEACHES

Life Buoys, Paddle Boards And Paddle Floats Have Been Supplied By Lions Club.

As a further protective measure, Grimsby Lions Club has recently purchased and placed in charge of the life guards at the Grimsby Beach and Nelles Road bathing beaches a considerable amount of new life saving equipment.

According to Lion Cecil "Admiral" Bell, each beach is now supplied (Continued on page 9)

## GRIMSBY ON THE AIR TONIGHT

From 8.30 to 9.00 p.m., Thursday, under the sponsorship of the Chamber of Commerce, a representative group from Grimsby will be on the air over Station CKTB, St. Catharines. This station is putting on a series of programs designed to increase the flow of tourists and interest in the Niagara Peninsula. Each town or district will be allotted a half hour from 8.30 to 9 on Thursday evenings to talk about themselves. Tonight is Grimsby's turn. Harold Woolverton, Bill Hewson, Bob Bourne, Mrs. Ruby Powell and Jack McCausland will be in the form of an informal (Continued on page 12)

### FREAK WIND STORM CAME WITH THE RAIN

Blow Was Of Cyclonic Nature In The Town But Hardly A Breeze Outside The Town.

That welcome rain on Sunday afternoon brought with it for a space of about 10 minutes one of the highest winds that has visited Grimsby in a good many years. On Upper Main street along the mountain it was of cyclonic nature. The roar from the trees on the mountainside sounded just like Niagara Falls.

A large number of limbs were broken off trees in different sections of the town and these limbs in coming down also brought down a number of Hydro and Bell Telephone service lines into houses.

A peculiar thing about the wind was that it seemed to be centred was that of any account west of the town and none east of the town. The blow was all within the town limits.

This picture was taken alongside the High School, now the West Public School, the latter part of September, 1913. The boys sitting in front, from left to right, are: Roy Henry, Theo. McCoombs, Reg. Durham, Archie Snetinger, Clarence Smye, Norman Spera (who died a few days after the photo was taken), Earl Staples. All others are still alive. Standing, left to right, are: Vera Anderson, Hilda Green, Marjorie Nixon, Beulah Marsh, Mildred Clark, Vera Beamer, Edith C. Marshall, Helena Clarke, Miss Rankin (teacher), Lillian Miller, Kathleen Liddle, Ada Jackson. So far as is known all are still alive.

## FACTS & FANCIES

Frank Fairborn, Jr.

### FREEDOM of the Press

What precisely is meant by that familiar phrase, "freedom of the press"?

Fundamentally it is not a special privilege reserved for newspaper publishers. It is rather a phase of a much larger freedom—the freedom of all men to speak their minds openly and without fear. The press claims no right which should not belong to every citizen in a democracy, but freedom of the press is an all-important part of this larger freedom; because, under modern conditions, the press is the principal agency by which the ordinary man receives the information he needs to judge the actions of his rulers and make up his mind on public issues. Without newspapers, or with only gagged and blindfolded ones, he is in the dark, and helpless. An unfettered press is therefore one of the essential bulwarks of a democratic world.

If any proof be needed, it is provided by the record of the Fascist and Nazi dictatorships. Rigid control of all sources of public information, and especially of newspapers, was the corner-stone upon which those regimes were founded. Without it, they could never have held power. With it, they could do as they pleased, to the eventual ruin of their own peoples as well as much of the rest of the world.

This disastrous chapter of history should provide a warning against any attempt, by governments or by private interests, to restrict the essential freedom of the press. A free people must stand on guard not only against direct censorship, but also against more insidious encroachments. Nominal freedom is not enough. The only truly free press is one which can record the news faithfully and comment on it frankly, without fear of direct or indirect punishment. Neither the press nor the public is safe with anything less than this.

All liberty, of course, involves obligations. The obligation of a free press is to be truly free. It must be thorough, accurate and unbiased in its reporting, sincere and thoughtful in its editorials, and resistant to all outside pressure. It must be both cautious and bold—cautious until it knows all the facts, bold when it is sure of its ground. It must, above all, be inspired by devotion to the public welfare as its staff understands it.

Such a newspaper is worthy of the privileges which the English-speaking peoples have traditionally granted to their press. Such a newspaper is also the best guardian of the liberties of the people.

### A MESSAGE TO ONTARIO'S PARENTS

In a message directed to Ontario parents, the Hon. George H. Doucet, Minister of Highways makes an urgent appeal for better home-instruction this summer in the safety habits of their children.

"Our schools are now closed for the summer vacation," Mr. Doucet said, "and in their scores of thousands our children will commence their long-awaited Summer Holidays. These boys and girls have been counting the hours against the time when examinations would be over, when books could be laid aside, and when they would begin happy weeks of fun and freedom, away from the grind of the classroom."

"For grown-ups and for children alike, there is no better vacation spot on earth than this great Province of Ontario. In the count-thousands of thousands of our children will find themselves busy about the farms, with tasks suited to their age and strength intermixed with their play. From the towns and cities children will head for camps and summer cottages throughout the province, and vacation means other thousands of children, vacation means play in back yards, in crowded playgrounds, and on the streets where traffic is a danger to young and old."

"It is a sober and a saddening thought to know that at least some of these healthy happy children will not answer the roll call when schools reopen in the Fall. Our records show, unhappily, that vacation days bring an added accident toll, with an undue increase in the number of child victims."

"At this time, I particularly appeal to parents to guide and instruct their children in safe habits, as to both walking and playing. I urge our motorists to drive with the utmost care. I ask them to slow down and to use special care in driving through built-up areas, always with the thought that a child may rush heedlessly into danger."

"Our traffic laws are the best we can devise. Recent amendments, effective on July 1st, impose new and heavy responsibilities on our motorists. We are grateful to the press, the radio, and to many organizations that are loyally supporting our campaign for highway traffic safety. But we need the help of all our people and our motorists in particular, in preventing a heavy accident toll."

"I cannot urge, too strongly, the parents, the children and our motorists, toward making the coming weeks a safe holiday season. 'Care, Courtesy and Common Sense' will save lives and ensure a happier holiday."

### SOME GOOD ADVICE

Be kind to your plumbing, advises the Canadian Institute of Plumbing and Heating. Every new sink, wash basin, or bath-tub purchased to replace a damaged fixture may deprive some prospective home owner of the facilities to complete his new home.

"With many types of plumbing equipment and supplies likely to be in short supply for some time, it is only fair that all available materials be used to complete homes now under construction," a spokesman for the Institute said. "People who abuse the plumbing fixtures and pipes already installed in their homes and require replacements are virtually robbing others of equipment to finish their homes, besides taking up valuable time of the plumbers who are needed for other work."

Here are some tips on care of plumbing systems offered by the Institute:

- (1) Close faucets gently. Excessive pressure on the top crumpled the washer and may damage the seat of the faucet.
- (2) Replace worn or damaged washers promptly.
- (3) Pour scalding water down the sink drain pipes once a day and the drains can be kept clean for long periods.
- (4) Don't pour hot grease or greasy water down the drains. It may solidify in the pipes and clog them.
- (5) Avoid damaging or staining the enamel on sinks and drainboards. Don't chop ice or carve food, on plumbing fixtures, or leave garbage standing on enamelware.
- (6) Don't put refuse down the toilet.
- (7) Replace worn or damaged bumpers on the toilet seat promptly. Defective bumpers may damage the seat or break the hinges.

### THE CHURCH AND CHARACTER

One of the greatest influences the Church can have on a nation is the establishment of character among its peoples. The Church teaches a person to make the most of himself. It warns people against spoiling themselves by some error of temper or self-indulgence. It teaches honesty and brotherly love, and how to live with our neighbors in harmony and peace. It instructs one how to distinguish between right and wrong. It provides the faith which enables a person to face up to sorrow and distress.

In Canada we want men and women of strong character. We cannot hope to become a great nation unless our people possess this great quality. We should support the Church and its work. If, through our humble efforts, the Church prospers and remains strong, we need not fear for the future.

### HAYING IS "Hard, Sweet Work" . . . .

A clattering, rhythmic song, steady and sure, resounds now over the farmlands. It is persistent in these days that are so free with sun, so fluent with warmth. It is hay-harvest time; and, though haying means long, hard work, in the heat of the summer sun, it is good work. Dallas Lore Sharp has called it "hard, sweet work."

The farmer always prepares ahead for the day that will mark its beginning; for, once spring has come, it is only a step into meadows that are ready for harvest. He gets the mowing-machine in working order. He sharpens the knives on the cutting bars. He keeps two bars, at least; for knives dull quickly on those farms that are stony, and, with several bars on hand, replacement is quick. The delay is not long.

When the harvest begins, acre after acre of the tall green timothy falls before the racing knives. The swaths lie evenly, one after another, to cure in the sun. Associated with the harvest is a characteristic aroma that the farmer knows—the smell of new-mown hay. It is flavored with summer, flavoured with the richness of the land. It is rich with the dew of evening settles down on the hills, and delightful as a lilac hedge in full bloom.

One of the scenes which are so much a part of summer is a field of haycocks spreading pyramid-like shadows in the sun of late afternoon. It is then that the song of the field sparrow sets to music the reflective mood of the day's end.

Lumbering wagons haul the hay to the barn, load after load. On their way to the

barn, and on their trips back to the field again, the harvesters pause at the spring to drink, a spring that is almost hidden by the growth of marigolds. The procedure seems almost routine, almost methodical. The water is clear and cool; it is refreshing to the men and boys.

While storing the hay in the mow, piling it to the rafters of the barn, we like to think that a delightful part of the year is actually the being stored within the weathered siding. The barn is literally filled with a sweetness from the meadows. And, more than that, hay which has not been browned by rain or by lying too long in the swath maintains a deep rich green that will hold through the days and months to come. Later on in the harvest, there will be other colors and other aromas. The goldenrod will bloom before the harvest ends. There will be black-eyed susans and elecampane. There may be the wild evening primrose and the wild carrot. It is the mint odor from pennyroyal that greets the harvesters then.

Yes, we are filling the barn with summer, filling it with a harvest from the meadows. Summer would not be summer without these songs and colors and odors; nor would it be summer without the sudden shower that drives men in from the fields, granting them respite from the heat, and granting them rest from this "hard, sweet work." Then comes the song of the rain upon the roof. Crickets chirp from the mow, and the temples of horses throb as they feed from the rich new hay.—LANSING CHRISTMAN, in The Christian Science Monitor.

Carroll's store has a new screen door that works both ways.

Mayor Bull's store building looks fine since getting a new coat of paint.

They must read The Independent. I see where the Cowan Hardware in Dunnville has stolen Johnson's slogan "1001 Things."

Rev. George McLean telling The Independent staff that it "rains on both the just and the unjust, but the unjust have the umbrellas."

Hydro Commissioner D. Elliott Anderson scratching his head, in deep thought. What idea was brewing there to reduce Hydro rates.

How long is the Hydro Commission going to allow that old black pole to clutter up the beautiful green sward just west of the Forty bridge.

"Cam" Milyard doing the Pitch-man act with his little stand out in front of the store selling Lions carnival tickets. Billy Rose should have observed this stunt.

Throckmorton Ethelbert Abercrombie Jarvis has become a deep sea fisherman. He bought a skiff last week. He tells me the best time to fish is between 4 and 6 a.m. I agree with him, except that I know that he is not giving Ed. Hand and the boys any competition at that time in the morning.

Complaints that grocery stores now are selling patent medicines were heard by druggists at a convention in Colorado Springs. Their business is being threatened in other quarters, too. Hardware stores are selling screwdrivers, sporting goods stores tennis rackets, tobacco shop cigarettes and clothing stores raincoats. But unless restaurants begin serving meals, the druggists need not become too concerned, especially since it seems certain that the post office will not be able to encroach seriously on the stamp business.

A gentleman stopped me on the street on Friday and observed "you listen to CKTB of St. Catharines?" I replied, "yes." He said, "I presume that you hear them broadcasting that 'The St. Catharines Standard is the Home Paper of The Niagara District.'" I replied, "yes, and that is correct." Going further, I said, "if you will check your Niagara district you will find that it covers all that territory from Lake Ontario to Welland, north and south, and from the Niagara River to Beamsville, east and west. From Beamsville west to Fruitland, that is the GREAT GRIMSBY FRUIT BELT and is covered by The Independent. From Fruitland west is the Hamilton district, covered by the 'Great Family Journal,' the Spectator." That answered his question and he was satisfied.

Initiative is doing the right thing without being told.

I never knew a man so good  
But I could find flaws if I would,  
I never knew a man so bad  
But that some virtue rare he had;  
And so it is I cannot find  
A method certain in my mind,  
By which to judge my brother's ways  
In terms of blame, in lines of praise;  
And therefore, feel no special call  
To judge my fellowman at all.

## 'WAY BACK WHEN

Frank Fairborn, Jr.

### RE-OPENING OF "EX" RECALLS OLD FAIR OF HORSE CAR TIMES

Preparations being made to re-open the Canadian National Exhibition after its long suspension, recall to some of us old-timers the Fair of days gone by when horse-cars carried visitors to and from and ferries took island residents straight to a rickety wharf at the grounds.

A visit to "the Ex" in that era was an event looked forward to for months by the unsophisticated boys and girls of yesteryear who had never dreamed of the movies or visioned an automobile. It was apt to be an all-day visit under the aegis of mother and even father. A good meal could be had for from 25 to 50 cents in a dining hall where no one in that germ-unaware age complained of the clouds of flies which settled on the food. But frequently a lunch basket was taken along, its contents to be eked out with drinks of rich Jersey milk, or ice cream purchased at the Fair.

No midway, as we have it now, existed, though a few side-shows tried to entice the unwary with raucous barkers. One remembers seeing signs warning folk to "Beware of Pickpockets" who pilied their trade when boarded or walrus-mustached policemen with batons in their belts were not in sight. In those days of simpler joys boys collected "business cards" or knick-knacks handed out by manufacturers with stalls on the grounds—it was a sort of philately. Women and girls who would today frequent the art gallery were attracted by displays of crocheting and embroidery, home-done, at the Main Building. Then, as now, farmers and stock fanciers inspected livestock housed in a long row of pens close to the waterfront. Local regimental or American bands rendered music, and the York Pioneers with their log house were on the job—many people at that date had been born in log houses.

There was pink lemonade for sale. Luscious taffy was made before your eyes. Doughnuts cooked in your presence were sold piping hot in paper bags. Steam tractors worked threshing machine displays in the open. Mayhap you recall a huge white horse dappled with streaks of bluish green, which led about by a man, was a living illustration of Morris's Mottled Soap.

Farm folks, who mostly came in by excursion trains straight to the grounds, could usually be distinguished from their slicker urban cousins. It was tinged with the farmers' benefit that the fair ran seemingly for the farmers' benefit that the fair ran far into September. They told a tale of a farmer's wife and family family who, seeking a sequestered spot to eat their lunch, ambled toward a group of quaint buildings which proved on near approach to be the painted scenic background for The Destruction of Pompeii. Nightly, crowds sat in the grandstand to watch the red fire, hear loud explosions and to see the display of fireworks which showed the wicket city of yore meeting its fate.

There was a period when regular horse races were run at the Exhibition, and still earlier a day when local boys owning Shetland ponies raced their tiny steeds out there, and members of the Wanderers Bicycle Club in tight knee pants pedaled their high-wheel joneshakers in contests.

In 1892 the writer saw Pawnee Bill's Wild West Show in front of the grandstand. There were equestrian feats and shooting from horseback at glass balls tossed into the air. The grand finale consisted in the Deadwood stage coach, drawn by four horses, dashing madly around the track hotly pursued by mounted Indians who took pot shots at the driver and his mate, the guard, who returned the fire with his trusty Winchester. The coach was of course, carrying a mythical horde of gold dust from the diggings in the Black Hills of Dakota. Things looked black for the stage until a troop of yelling scouts and cowboys dashed up on fleet steeds and with fusillades from their six-shooters put the redmen to flight. That was a super-rodio for the frontier was less than twenty years away and many of the participants had seen the real thing.

Some old-timers still living took their first ride in an electric street car at the Exhibition. Opened in 1884, a line ran from Strachan avenue into the grounds, and it is claimed to have been the first commercial electric railway in the world. The single car supplied with current from a local steam engine and generator ran inside a fence because instead of an overhead wire a charged third rail was used. A ride cost ten cents but the timorous were held back, fearing an electric shock. The car ceased to be a novelty in 1892 when the trolley came to Toronto streets.

In those days people who talked of flying machines were considered demented. Had not learned scientists written "proving" that humans would never fly? But ballooning was different and a daily balloon ascent was one of the features of Exhibition. From a central point where crowds roiled and shuddered in anticipation, a daring aeronaut in spangled tights sat a trapeze hanging from a moored balloon. At a signal the gas bag shot upward, and as it soared the aeronaut did stunts on his bar and let loose showers of his cards which fluttering to earth were eagerly grabbed by the crowd.

At a height of about one thousand feet the aeronaut pulled a cord which served to deflate the gas bag and let loose the parachute with which he descended. Sometimes the wind carried him quite a distance from his starting point and if one is not mistaken he more than once came down into cold Lake Ontario where boats were waiting to rescue him.

### A CHILD NEEDS A GRANDMA

A child needs a grandma to spoil him a bit,  
A someone with the time on her hands who will sit  
On an old-fashioned rocker that shivers and squeaks,  
And listen to words that a little boy speaks.

Some person who knows how a gingerbread man,  
All crumbly and fragrant and warm from the pan,  
Can comfort a fellow who feels a bit blue  
When nothing just right seems to happen to you.

A child needs a grandma to teach him the words  
That run like a hymn in the song of the birds,  
A someone who knows where the orioles go  
When the garden is covered with inches of snow.

And only a grandma remembers to say,  
"Now be a good boy," as she tucks him away,  
Snug under the covers and pats them down tight,  
For little boys sometimes get scared in the night.

A child needs the comforting knowledge of love,  
As steady and sure as the stars up above  
To carry him safely through sunshine and tears  
A light in the darkness, a stay through the years.

A child needs a grandma to nod in her chair  
And give him her blessing by just being there.

### HOLD SPOTLIGHT

Unless you are a genius or a hermit, National Health officials remind you, you can't have everything your own way. Growing children need to be taught that they aren't the only "pebbles on the beach" and can't expect to hold life's spotlight all the time. The self-centred child will grow up moody and lonely. So, health authorities endorse organized sports, as excellent schooling to develop traits of co-operation and team-play, essential to success in life.

## SWOON-PROOF COOLER

By PRUNELLA WOOD

A light summer suit, pretty for town or country and crisp as it is cool, is here shown you in snow white. The same suit is available in seven other colors, all of them interesting for hot days.

Since the cloth is one from which men's suits are made, it cleans well and is practically wrinkle resistant besides. Aside from the cloth itself, the suit is cool because of its deep armholes, its wide neckline with Byronic collar, and its open sleeves.

## Mainly For MILADY

### STRICTLY CANADIAN

By CLAIRE WALLACE

One of the new addition to Canadian writing circles is Kath Foster, of Sydney, Australia, who recently came to our country to live and work. Kath, who is well-known in her hometown, Sydney, for script-writing, and has had several original plays aired over Australia, took her courage and savings in hand, a few weeks ago, and travelled the approximate 10,000 miles to Toronto, Canada. She already has a writing job, hopes to gain radio-writing experience in various countries before she is through, and here's wishing her the best of luck.

I asked Kath Foster to name the first great difference she noticed between her country and ours and she answered promptly: "Tipping." In Australia, she tells me, there isn't any tipping! That must be a very pleasant state of affairs. Kath says in her country the redcap at the station is handed sixpence for carrying a bag, but that is a station charge and not a tip for him. Waiters wait on table, hairdressers dress hair, bellhops hop around being helpful without a thought for tips because they are paid regular salaries and don't have to depend on tips for a livelihood.

Let's hope that things come to that state of affairs in Canada soon. I've talked to enough porters, manicurists, bellhops, waitresses across Canada on this subject to know that they would welcome adequate salaries which would eliminate the need for tipping. But in the meantime, tipping is part of our Canadian way of life, and we may as well face it and do the thing right.

England was the origin of the whole business of tipping, many years ago. Servants carried boxes with T.I.P. printed on them, meaning "To Insure Promptness," and a coin dropped into the box speeded up service generally.

As this is vacation time, the following tips on tipping may be helpful to you.

Travel by air, no tipping is required. Indeed, you couldn't force it on the employees, as the royal queen of another country found when flying in Canada. Impressed most favorably with the excellent service and attention she got, Her Majesty instructed her personal secretary to hand out tips in twenty and fifty-dollar bills. Albeit with tears in their eyes, the stewardess and airline employees said: "No, thank you."

The only exception to the non-tipping rule of Canadian air service is the driver of the car who runs you out from hotel or air office to airport. When you pay him (usually a dollar charge) you can also tip him ten, fifteen cents or even a quarter if you feel generous and he has been particularly helpful with information or handling your luggage.

In train travel, a trip in the daycoach requires no tipping. If occupying a chair in the parlor car, tip twenty-five cents when you get off the train. In the sleeping car, the tip differs according to the space you have. For one night in a berth and even if the porter throws in a shoeshine, tip only twenty-five cents. When a bedroom or compartment is occupied, a tip of fifty cents a night is usual; for the drawing-room or parlor, the tip should be a dollar a night, and that is tip enough even if two are occupying the drawing-room, unless the porter does a lot of useful things.

Ship travel tipping is more complicated and will be dealt with in a subsequent column; so will the subject of summer-resort tipping.

#### Questions—Etiquette—Answers

SEATING: Mr. M. R. of Edmonton, asks: "What is the correct seating for the party when Mr. and Mrs. 'A' invite Mr. and Mrs. 'B' to the theatre? In what order would they enter the row to take their seats?"

ANSWER: The host goes first to hand the tickets to the usher, then steps aside to allow his wife and guests to follow he usher, while he brings up the rear. At the seats, he would suggest that Mr. "B" go first, followed by Mrs. "A", Mrs. "B" in the third seat and the host in the last seat, sitting nearest the aisle. During the intermission the two women could exchange seats, thus still sitting in the centre, but seated by their own husbands.

Readers are invited to write Claire Wallace about Etiquette problems. Address Claire Wallace, care The Grimsby Independent. Replies will appear in this column.

## LIKE MOTHER USED TO MAKE?

According to the U.S. department of agriculture, the apple pie is to be better than before. Experimenters have succeeded in "firming" the tastier, but softer and more perishable varieties of apple (McIntosh and Gravenstein) for use in pie-making. The trick is a weak solution of calcium chloride, in which apples are dipped or cooked, and which makes them as firm as less favorable varieties.

## WASHBOARD WONDER

A Chicago firm advertises a new apartment-size washboard, suitable for today's confined living. It measures only 15 inches by 9½ inches and weighs nine ounces, thus presents no storage problem. Rubber-tipped and rubber-stripped, it won't slip or mar porcelain. It is of particular interest to women for their personal things or for babies' fine things, because it does not rust, splinter or warp.

## EATING PLEASURE

Psychological gratifications derived from pleasurable meals are as important to health as are the very vitamins and minerals essential to our diet. This means, say the experts, that eating should not be allowed to become a "chore, an ordeal, nor a race against time." The authorities on the value of food also stress the importance of clean surroundings where meals are being served, both for its pleasing effect as well as for sound hygiene.

## BALLOON FROM U.S. ENDS RUNAWAY CAREER NEAR GODERICH, ONT.

Here is the balloon which drifted across Lake Huron after getting loose from its anchor at Flint, Mich. Long cable trailing from it tangled in telephone and hydro wires, disrupting service in Amherst and other villages, finally coming to earth near Goderich, Ont. Here balloon is packed into a truck and carried away. Souvenir hunters carved pieces out of the bag.

Star Cleaners & Dyers  
Main West Grimsby

Hello Homemakers! After collecting everything required for a picnic and after an hour in the country, people "build up" appetites as ravenous as though they had been digging in the garden all day. Whether or not this is partly a matter of imagination, the fact remains that picnickers look forward to being fed. The good homemaker remembers to bring along satisfying picnic dishes and all the requisite utensils.

If there are cooking facilities at the picnic grounds, plan to serve a hamburger surprise... Holiday Hamburgers: The peppery flavour will please everyone. Fresh fruit with a cup of steeped coffee will complete the meal. However, any sunny day can be a "picnic" if you have supper on the porch, or in the backyard, or the park. Make a combination salad, butter hot tea biscuits and take covered berry tarts along with the thermos filled with chilled fruit juices.

We maintain that a simple but ample lunch eliminates fuss and bother. The items that are frequently overlooked are salt and pepper shakers; we sometimes forget to take off the caps, stick in a bit of wax paper and screw tops on tightly to prevent spilling.

#### SALMON SALAD

- 1 cup cold boiled salmon
- 1 cup shredded cabbage
- 1 cup diced celery
- Mayonnaise, salt, pepper
- Lettuce

Flake the salmon and combine with shredded cabbage and celery. Mix with mayonnaise and put in lettuce cups.

#### DENVER HAMBURGERS

- 3 eggs, slightly beaten
- 1 cup chopped cooked ham
- 1 tsp. finely chopped green pepper
- 2 tps. minced onion
- 1/2 tsp. salt
- 1/4 tsp. pepper
- Toasted bread

Combine all ingredients except toasted bread and drop mixture from tablespoon on to greased frying pan and spread to make flat cakes. Brown on both sides and serve between slices of toasted or untoasted bread or rolls.

Note: 1 cup finely chopped pork luncheon meat may be substituted for the ham.

#### SAUSAGE SANDWICHES

- Slices of bread
- Liver sausage
- Mayonnaise
- Tomatoes (thinly sliced)
- Small green onions

Toast slices of bread on one side, then spread untoasted side with liver sausages softened with a little mayonnaise. Top with thinly sliced tomatoes and green onions.

#### INSTANT COFFEE

Follow directions on the package of instant coffee.

#### BERRY TURNOVERS

Cut circles of puff or flaky paste three inches in diameter, having the paste not more than one-eighth of an inch thick. Moisten half the edge of the circle with cold water and in the center lay a teaspoon of thick raspberry jam. Fold one-half of the circle over the other, making edges meet. Press closely and mark with a fork dipped in flour. Brush with beaten egg, prick the top with a fork and chill before placing in the oven. Bake in electric oven for 15 mins. at 450 degs. F. (Other fruit may be used in the same way.)

#### IN HOLLAND

Mary Bothwell, who left Hickson Ont. to sing in New York concert sang on June 22 at The Hague Netherlands, in a Canadian concert in which Dr. Allan de Ridder, of Ottawa, conducted the Dutch Residential orchestra. "Protector" of the concert was Canadian Ambassador Pierre Duprey. Music master was Prof. Wallerstein, conductor of Milan's La Scala.

#### TAKE A TIP

1. Dip Graham wafers in thick chocolate syrup. Stack 4 together on individual plates and keep in electric refrigerator until serving time. Top with whipped cream tinted pink and sliced bananas.

2. Cheddar cheese will not harden if it is kept in a cloth dampened with vinegar.

3. Leftover sponge cake may be sliced and toasted on the broiling element. Top with berries folded into a syrup.

4. Use orange juice in place of water and 2 teaspoons orange rind for special pastry. This pastry is wonderful for rhubarb and berry pies.

5. With a small amount of berries on hand you can make tart shells and fill with a caramel custard into which you can fold the berries. In an emergency this dessert will be very helpful.

6. Add a teaspoon of lemon juice to simple syrup and pour on fruit instead of cream.

7. Grated cheese, coconut and rolled prepared cereals are good for topping fruit pies. This really saves time and shortening.

Anne Allan invites you to write to her c/o The Grimsby Independent. Send in your suggestions on homemaking problems and watch this column for replies.

#### EARLY TREATMENT

"Let your doctor decipher those symptoms" advises the Department of National Health and Welfare, in warning Canadians that slight twinges and aches should not be ignored, as they may indicate something serious, which early diagnosis and treatment can avert.

### KITCHENS MODERNIZED

Why not have your out-of-date, hard-to-work-in kitchen remodelled and brought up to present day style, with new modern built-in cabinets, complete with solid tile drainboards and splash allowing for plenty of working space, deep centre drain sinks complete with the new modern chrome swing faucet taps. ### HANDSOME HANDBAG

By ALICE ALDEN

If you are travel-minded then your best bet for a handbag is a good big squashy affair that will open up to hold all sorts of travel impedimenta. With this thought in mind Williams do one of their interesting signed originals in butter smooth calf, topped with a wide, crushed strap that slides easily over the arm. This is a good bag, we think, for year-round wear for the many women who would rather have a small distinguished wardrobe of perfect clothes and accessories than a large number of indifferent things.

### LADIES FOOTWEAR IS SIZED BY AN OLDEN RULE

From the first sandals or foot covering, which were mats made out of woven grass, strips of hide, flat pieces of wood—fastened to the soles with thongs to the present days of luxurious shoes, made from every known fabric and leather—is indeed a far cry.

The Egyptians were credited to be among the first to make shoes. The Roman and Greek sandals are as popular today as they were in ancient times.

But to follow the evolution of the shoe, modern footwear had its beginning about the time of the Crusades. Men who went on long pilgrimage needed protection for their feet and durable shoes began to make their appearance.

In Holland, where they are still in evidence, the peasantry wore shoes carved out of solid blocks of wood.

Leather shoes and sandals of great beauty made their appearance in Italy, France and England. But it was King Edward II of England, who first originated the setting up standard of the size in shoes.

Back in 1324, King Edward handed down a quaint decree that three barley corns taken from the centre of the ear, and placed end to end equalled an inch.

Shoemakers of those times discovered by careful measurement that 39 barley corns placed end to end equalled the length of the longest normal foot.

By elementary mathematics, they deduced that if three barley corns equalled one inch and 39 barley corns measured 13 inches, then the largest normal foot size should be called size thirteen.

By the barley corn system, shoe sizes were graded down from the longest normal foot. Thus, each variation between half size and full sizes represent 1-6 of an inch and the variation between full sizes was 1-3 of an inch.

The same system of measurement is in use today.

Your shoe size may be anything from 3 AAA to 10 EEE but to the worker who trims your leather sole, it is still just a matter of barley corns.

Modern shoemakers still cut soles to size according to the ingenious system of measurement set up long ago by a practical-minded monarch in 1324.

#### COLOUR BLINDNESS

Colour blindness is mentioned by modern medical science as a serious handicap in these days of speed and multiple machinery. Defective colour vision is usually hereditary, and is more common among males than females.

While little can be done in some cases, authorities say that defective colour vision is sometimes a symptom of a complaint which can be cured, and those who have difficulty in distinguishing between the primary colours are urged to consult their physicians, since their trouble may arise from correctable deficiency conditions.

## TOP THIS ONE!

On Tuesday afternoon Harry Rosebrugh, of Grimsby Beach, dropped into the office with a Delphinium that measured an exact nine feet. That tops "Red," "Sandy" and all the rest of the flower growers, up-to-date. Shortly after Harry left the office in came "Bob" Bourne with the story that he has a Delphinium plant in his garden that is only four feet in height but every Floreat on the stalk is three inches across the top of the bloom. Next.

Ridgeville, Ontario, June 28th, 1947.  
The Grimsby Independent, GRIMSBY, Ont.

Referring to your column "Top This One" in The Independent, Thursday, June 26th, I was puzzled by the word Next, as the last word in this column. You see, mother has Russell Lupin 47" high, bloom 22" and Delphinium ranging 75" to 86" in height. Of course, these are not in full bloom and still growing. The bloom itself is 42" high, the lower flowerettes measuring 2 1/2" across.

Needless to say we haven't a hose and rely on nature entirely but when we do get around to keeping the flower garden as it should be kept, we'll give you something to Top.

We have kept track of Grimsby through The Independent, and have enjoyed your paper very much. More power to you.

Yours very truly,  
L. M. Biggar.

### ON YOUR TOES

Ill-fitting and unsuitable footwear, can cause a multitude of health troubles. National Health authorities state "Your standing in the community may be influenced by the very boots you wear. Don't be a heel—get up on your toes, and adopt sensible, healthful footwear."

## BREVITIES

EVENTS and TOPICS  
of the WEEK in  
TABLOID . . . . .

County council meets on Tuesday next.

Firemen's Carnival, July 31st, Aug. 1st.

Monday, August 4th, will be Civic holiday.

Township council meets on Saturday afternoon.

Grimsby Stove and Foundry Co. plant will re-open on Monday next.

Jerry Kelson, former Grimsby boy, who spent four years overseas with the Algonquin Rifles, is now Editor of the Teepee Tabloid, the official organ of the unit. Doing a fine job, too.

The next regular meeting of West Lincoln branch 127, Canadian Legion, will be held in the Legion House, on Wednesday evening, July 16th, at 7.30 p.m. All members are urged to be present.

For the first time since before the First Great War a Sunday School Picnic excursion will leave Grimsby by train. On Wednesday July 23rd, St. Andrew's Sunday School will hold its annual picnic at Port Dalhousie and the picnicers will travel by C.N.R. train, leaving Grimsby at 10.40 a.m.

A new carbonizing machine is being installed this week in the Peach Dairy Bar and in the future Ice Cream Sodas, in all flavors will be available. It is expected that the new machines for the making and serving of the famous Vernor's Ginger Ale will be installed within the next few days.

To halt careless motorists who fail to observe stop signs and electric traffic signals on city streets, St. Catharines police are issuing summonses to motorists. Already several motorists have paid fines of \$6. for non-observance of stop signs and in the next few days additional summonses will be served on motorists. Similar action is being taken in regard to traffic regulations on the Queen Elizabeth Way by provincial police.

Building in St. Catharines is declining slightly in volume, according to building permit figures issued today by the St. Catharines works department. During June, 29 permits to the value of \$54,275 were issued, six of them being for dwellings to a value of \$26,300. Total value of permits for the first six months of 1947 was \$1,092,870. By comparison, 37 permits were issued in June, 1946, to the value of \$100,750, with a total for the first six months of 1946 of \$1,102,915.

Rev. Louis J. Bouchard, Welland, was convicted of careless driving and fined \$25 and costs of \$7.50, as the result of an accident on the Queen Elizabeth Way near Beamsville, June 23. Father Bouchard and five passengers were returning from the Marian Congress, Ottawa, when they collided with the rear of an auto driven by Edgar N. Swalm, Niagara Falls, Ont. Eight persons were injured, Provincial Constable Ted Hope, Grimsby, who gated, said.

### In Memoriam

HURST—In loving memory of our dear brother, Corp. Carman Hurst, killed July 12th, 1944, at Caen; also his pals, Corp. Reg. Ballard, July 15th, 1944, and John Hearn, Aug. 12th, 1944.

The little things you used to do, Thesmile upon your face, Are memories written in our hearts That no one can erase.

—Ever remembered by brother, sister, brother-in-law, and family.

### POSTAL INFORMATION

Special delivery service is in operation at all post offices in the United States and at Letter Carrier offices in Canada. A great saving of time will result through the use of this service which means delivery by special messenger instead of by regular letter carrier. Special delivery service is given on Sundays and holidays. Fee 10 cents in addition to postage.

#### Air Mail Rates

Canada, Newfoundland and USA, 7 cents for 1st ounce and 5 cents each ounce after.

#### Overseas—Per 1/4 Oz.

United Kingdom, Ireland, Europe, Hawaii—15 cents.  
Bermuda, West Indies, Latin America—10 cents.  
Australia, New Zealand, Guam, Philippines, Oceania, Asia, Africa—25 cents.

### PLAY OUTDOORS

Wise people prefer to play and enjoy themselves outdoors rather than in confined rooms. Health authorities approve recreation and amusement, as necessary relief from work and worry. They particularly endorse outdoor play, when possible.

Art Brydon is holidaying at Mount Forest.

H. Gladstone Mogg is a visitor to Ottawa this week.

Councillor Archie Aiton and family are holidaying at Cedar Wilde.

Cliff and Mrs. Atwell of Detroit, have been holiday visitors with James and Mrs. Hayward and T. A. and Mrs. Flett.

Dr. and Mrs. Harold G. Brownlee left this week for a three weeks motoring trip to points in Eastern Ontario and Quebec.

Ronald Robertson, son of Mr. and Mrs. Wm. Robertson, Robinson St., is now stationed on H.M.C.S. Nayden, Esquimalt, B.C.

The midsummer session of the Sunday School being held each Sunday in Trinity Hall, at 2.30, during July and August, extends a welcome to all. "Remember the Sabbath Day to keep it Holy." Exodus 20:8.

Mr. Lenton Denison, of Toronto, was in town July 3rd and 4th, on the last lap of his vacation. On June 30th he sailed by boat to Port Dalhousie, putting up at the Leonard Hotel, St. Catharines. From there he visited friends and relatives in St. Catharines, Niagara Falls, Niagara-on-the-Lake and Fort Erie. He also had a look around Youngstown and Niagara Falls, N.Y. He regrets that owing to lack of time he was not able to visit as many in Grimsby as he would have liked.

## A JUNE BRIDAL COUPLE

Shown signing the register are Clayton John Groff and his bride, the former Betty Jean Konkle, daughter of George and Mrs. Konkle of Paton Street, Grimsby, whose marriage took place in Grimsby Baptist church on Saturday, June 28th. —Photo by Robert Alldick.

## Nuptials

### WEST—MILKS

On Saturday, June 28th, the wedding was solemnized of Helen Jean, youngest daughter of Mr. and Mrs. Herbert J. Milks, Hamilton, formerly of Grimsby Beach, to Mr. William West, London, Ont., son of Mrs. Sadie West and the late Mr. West. Rev. A. L. Eddy officiated at the ceremony which took place in his residence.

The bride, given in marriage by her father, was gown in pale green nylon and carried a nosegay of yellow roses and white sweet peas. Her attendant, Miss Betty Wilkins, was gown in blue silk jersey, and carried a nosegay of pink carnations, and white sweet peas. The groom was attended by Mr. Harry Burns, of London, Ont.

After the ceremony, a small reception was held at the home of the bride's parents. The bride and groom left to spend a week-end at the Village Inn, Grimsby, the bride wearing a frock of powder blue, with red and blue accessories, her flowers being white carnations. The couple will reside in London.

### SWEET—POLLOCK

St. Alban's Anglican Church, Beamsville, was the scene of a pretty wedding Saturday afternoon, June 28th, when Miss Bertha Irene Pollock, of Beamsville, became the bride of Ralph Sweet, Grimsby Beach. Rev. E. F. Maunsell conducted the ceremony.

Given in marriage by her father, Harry Pollock, the bride was gown in white, with a net skirt and headpiece of orange blossoms. She wore a long veil and carried a bouquet of pink carnations, sweet peas and orange blossoms.

Maid of honor was Mrs. C. Copeland of Beamsville, who was gown in coral silk, and carried a bouquet of white carnations, sweet peas and orange blossoms. The bride's bridesmaids were Miss Irene Howarth, of in yellow-ines, in blue, Miss Ther- St. Catharines, in pink, and Miss Pula, St. Catharines, in pink.

Miss Betty The bride's mother ines, in yellow. jersey, with blue wore peach silk the groom's moth- accessories, and with black acces- sories. Best man was George series. Best man was George series.

Maid of honor was Mrs. C. Copeland of Beamsville, who was gown in coral silk, and carried a bouquet of white carnations, sweet peas and orange blossoms. The bride's bridesmaids were Miss Irene Howarth, of in yellow-ines, in blue, Miss Ther- St. Catharines, in pink, and Miss Pula, St. Catharines, in pink.

### PARSONS—AMPBELL

The marriage of Miss Winifred Jane Campbell, Harry Campbell, of Mr. and Mrs. J. C. Fleiger, of Orlando, to M-Sgt. Mrs. Mary P. Parsons, USA, son of J. A. was sol- Hughes of Ripley, June 28th, at emized Saturday, Jh of Winter the First Baptist Church Haskins Park, with the Rev. James officiating.

The church was decorated with arrangements of white a back- lighted tapers, against a wall of ground of palms. The pny Mrs. nuptial music was given

with tiers of lampshade pleats, large white picture hat white accessories and corsage of white roses. On their return from a wedding trip to the U.S.A., they will reside in their new home on Crescent Avenue, Beamsville.

## QUILTING BEE FEATURE AT THE EXHIBITION

An old fashioned quilting bee, with cash prizes and open to all women's organizations, is being arranged on the lawns at the Canadian National Exhibition from 4:30 to 7:00 p.m. on Aug. 29, it is announced by Kate Aitken, Director of Women's Activities.

With quilting frames strapped to running boards and fenders every which-way and loaded with quilts, cars from a 100-mile radius of the Exhibition Grounds will converge on Toronto for this quilting event.

"Some of the husbands who will be driving the women in, have discovered that roof ski-carriers are just the thing for transporting quilting frames," Mrs. Aitken mentioned.

Quilts should be brought three quarters completed before the day of the competition and if possible, completed on the lawns during the progress of the bee, it is explained. Judging will take place during the quilting marathon allowing 40% for workmanship, 40% for suitability and 20% for appearance.

After the bee, the C.N.E. will serve a picnic supper under the maples overlooking the lake to all those who participated. In the event of rain, the marathon will be held inside the Women's Building.

Quilts may be of any design, it is explained on the entry forms. They may be pieced using cuttings from sewing, or made of plain material. Cash prizes will be presented for the best quilts. A consolation prize of \$2 will be awarded to each organization taking part in the competition.

Prize-winning quilts will be displayed in the Women's Building during the remainder of the Ex-

hibition. The others may be taken home the same day.

## Card of Thanks

I wish to express my sincere thanks for the very acceptable gift presented to me by the pupils of the Grimsby High School. Also I take this opportunity of wishing each student a pleasant vacation.  
J. H. Heywood.

## RIGHT LIGHT

Good lighting, as is well recognized, is essential for prevention of fatigue. Good lighting means illumination which is adequate, uniform and steady. Glare and shadows should be avoided, particularly when at close work, such as reading. Health authorities point out that the source of light should never be directly in the line of vision.

## OBITUARIES

**MRS. WILLIAM R. BUDGE**  
Mrs. Mabel Florence Budge, wife of William R. Budge, died Tuesday, July 1st, at her residence, 62 Erie Avenue, Hamilton.

The former Mabel Florence Bowslaugh, she was born in North Grimsby 60 years ago, and had been a resident of Hamilton since 1905. She was a member of Central United Church.

Besides her husband, she is survived by a son, Clarence, in England; two daughters, Mrs. Saul Krick, and Mrs. Beryl Tremain, of Hamilton; two brothers, Freeman, and John Bowslaugh, of North Grimsby; and a sister, Mrs. Annie Phelps, of Grimsby.

### FINLAY E. FORBES

The death occurred on Tuesday morning in West Lincoln Memorial hospital of Finlay Erskine Forbes in his 53rd year.

Deceased had been ill for only a few days. He was born in Kitchener, and had resided there practically all his life, coming to Grimsby two years ago to take up residence on the lake front west of Baker's Road. He was for many years a traveller for the Goodrich Rubber Co. and during the First World War served overseas as a gunner with the Royal Canadian Horse Artillery.

He is survived by an aunt and one cousin.

Funeral services were held this (Thursday) morning at 10 o'clock from the Stonehouse Funeral Home. Interment will be made this afternoon in Bellside cemetery, Ferguson.

### ARTHUR DAVIES

Arthur Davies, an employee of the G. W. Robinson Company for some years, died Tuesday, July 1st, at St. Joseph's Hospital, Hamilton. He resided at apartment 8, Dunlop Apartments, 22 Park Street South, and had not enjoyed good health recently.

Born at Nolton Cross, Pembrokeshire, Wales, he came to Canada in 1926 and for seven years resided at Grimsby, where he had been employed at the Metal Craft Company, coming to Hamilton in 1933.

He was a member of James St. Baptist Church, and was a past president of the St. David's Welsh Society.

He is survived by his wife, the former Laurie Kate Harris; two sons, Winston, of St. Catharines, and Conrad of Hamilton; a brother, William G., of Wales, and three grandchildren. An only daughter, Miss Olga, predeceased him five years ago.

Funeral services were held on Thursday afternoon with interment in Queen's Lawn Cemetery, Grimsby.

### WALTER G. CARPENTER

The death occurred suddenly early on Monday afternoon of Walter Gordon Carpenter, a well known fruit grower of the Winona district.

Deceased was the oldest son of Gordon and Katherine Palmer Carpenter and had been engaged in fruit growing with his father for several years past. He was born on Barton Street on September 28th, 1905, and had resided there all his life. He was a member of St. John's Anglican church, Winona.

Surviving are his sorrowing wife, the former Hilda Lewis, his parents, two brothers, Erick at home, and John of O.A.C. Guelph, two sisters, Mrs. Donald (Jean) Jones, of Winona, and Miss Nora at home.

Funeral services were held from the Stonehouse Funeral Home on Wednesday afternoon to Queen's Lawn cemetery, Rev. E. A. Brooks conducting the services.

Casket bearers were Arthur Biggar, Harry Walters, Freeman McCollum, Donald McCollum, Wm. Acres and Elton Witmer.

### WILLIAM CREALOCK

Stricken as he walked across the yard from his home to the barn last Wednesday, Samuel William Crealock, well-known Winona fruit grower, died before medical aid could reach him.

In his 77th year, he was born in Wales on July 4, 1870, coming to Canada as a child of four. He resided in New Brunswick before coming to Winona and taking up fruit farming 37 years ago. He was an active member of the Fifty United Church.

Surviving, besides his wife, are a son and two daughters, Harold W., of Kitchener; Mrs. Grace Jordan, Port Hope, and Miss Helen Crealock, at home; also two sisters, Mrs. Warren McBride and Miss Annie B. Crealock, both of Moose Jaw, Sask.

Funeral services were held from the Stonehouse Funeral Home on Friday afternoon, Rev. G. E. Morrow of Winona United church, officiating. Interment was in Winona cemetery.

Casket bearers were Donald McCollum, John VanDuzer, Claude Smith, Harry Jones, Norman Ecker and Arthur Biggar.

### IRVINE THOMSON

The death of Irvine Thomson occurred at the family residence, 280 Roxborough Avenue, Hamilton, on Tuesday, June 17th, following an illness of nine months.

A veteran of World War II he served with the Royal Canadian Army Service Corps for six years, four overseas, from England to North Africa. He served as sergeant in the campaigns of Sicily and Italy.

Born in Scotland 28 years ago, he came to Hamilton when two years of age. Always interested in sports, he engaged in them overseas, and before enlisting played softball in the Big Four League, and also with the Canadian Porcelain for nine years. He was an adherent of St. Enoch's Presbyterian Church.

His father, Charles Thomson, who served in World War I, predeceased him eighteen months ago, the day before his own arrival from overseas.

Surviving are his mother, Mrs. Charles Thomson, and two sisters, Mrs. John Fleming and Miss Marie; four brothers, James, Leslie, William and Ross, all of Hamilton.

Friends in Grimsby will remember him as the fiancé of Miss Helen Zoellner, formerly of Grimsby Centre, now of Hamilton.

Funeral service was held on Friday, June 20th, from Swackhamer & Hiltz Funeral Home, interment being made in Woodland Cemetery.

The poet who sings about the coming of spring is the one who does not have to help his wife with the spring cleaning.

Robinson Crusoe should have been happy on that island. He wasn't bothered by the predictions of economists.

### RADIO SERVICE

Expert Radio Check-Up By  
Qualified Radio Technician.  
**JOHNSON'S HARDWARE**  
PHONE 21

### LARGER SUGAR RATION

Sugar rationing will continue in Canada until the 1948 supply prospects are clear, but three or four additional pounds on the individual ration will be made available during August and November of this year. This was announced by Finance Minister Douglas C. Abbott in the House of Commons on June 25.

Two additional coupons will be declared valid in August and one or two late in November. At the same time the industrial ration will be advanced by 10 points in each industrial category. This will give industries using sugar 90 per cent of their 1941 usage. The additional 10 per cent will be a supplementary quota during the latter half of July.

### NEW TENNIS COURTS AND BOWLING GREENS

A visit to the rear of Johnson's Hardware, or more specifically, the old Grimsby Lawn Bowling greens will show you that two of the finest tennis courts in the Fruit Belt are again open for play. A telephone call to Mr. Johnson will get you all the information necessary as to hours of play, costs, etc.

The tennis courts are on what was known as the lower bowling greens. The upper bowling greens that were allowed to go to seed, so to speak, have been plowed under, levelled off and replanted under the supervision of Edward Downs, and while they will not be available for use this season will be in grand shape next spring for use of the devotees of lawn bowling.

At the present time there are no electric lights on the tennis courts for after dark play, but there will be next season when the new bowling green is opened for use.

### Grimsby Red Cross

The following is a list of Sick Room Supplies to be loaned by the Grimsby and district Red Cross Society, in cases of need. These articles to be loaned only on request of a Doctor. Please phone the following:

Miss Anne Crane, 527 day or night.  
Mrs. Geo. Hildreth, 354-W day or night.

Mrs. C. D. Millyard, 111 day.

1 throat ice collar, 1 pitcher, 1 mixing bowl, 4 kidney basins, applicators, 1 small and 1 large catheter, tongue depressors, 1 double boiler, roll bandages, 3 sizes; 1 dunlopillo, 2 hot water bottles, 5 hot water bottles covers, 2 eye droppers, 6 masks, 4 hospital gowns, 10 triangle bandages, 2 blankets, 2 quilts, 2 pair flannel sheets.

6 face cloths, book: Home Feeding for Invalids, 1 bed tray, 2 arm baths, 12 handkerchiefs, 10 hand towels, crutches, 42", 48", 50", 52"; 1 pair child's crutches, 1 ice bag, 1 strainer, 1 pair large forceps, 1 basin, 1 pt. and 1 qt. measure, 2 medicine glasses, 2 turkish towels, 1 baby bath.

Sterilized gauze bandages, 2 clinical thermometers, 1 bandage scissors, 8 sheets, 4 pillow cases, 2 sanitary belts, 4 bed jackets, 2 bed pan covers, 2 galvanized pails, 1 flash-

light, 1 pair rubber gloves, 1 drying rack, 1 back rack, 1 sputum bottle, 3 quilted pads, 1 commode chair, 3 rubber sheets.

Hospital bed, gatch frame, to be ordered from headquarters and delivered here next day.

Mrs. C. D. Millyard, Convener, Loan Cupboard, Canadian Red Cross Society, Grimsby and District Branch.

### SWIMMING

Following is the Grimsby and District Red Cross Swimming Schedule.

Nelles Sideroad, 2 o'clock for juniors; 3 o'clock, intermediates; 4 o'clock, seniors. Every day except Wednesday and Sunday.

Grimsby Beach, 11 o'clock, juniors; 2 o'clock intermediates; 3 o'clock, seniors. Every day except Saturday and Sunday.

There are over one hundred enrolled in these classes. More pupils can be taken in the intermediate and senior classes, so you of Grade 7 and 8, and High School age, take advantage of this and enroll at once.

A 25-foot water walk will be erected under the direction of Col. Chetwynd and Cecil Bell, and instructions in swimming will be given from this walk.

The Red Cross has provided as additional protection a ring buoy and a paddle board for each beach. This board is the latest thing in life saving equipment. It is very light and buoyant and can be paddled through the water at a very high speed.

Fine feathers don't make fine birds. But just try convincing the wife a new winter coat will not improve her appearance.

Welcome

West Lincoln - Births -

Mr. and Mrs. Lorne Daniels of Smithville, July 2, a son.

Mr. and Mrs. George Smith, of Winona, July 2, a daughter.

Mr. and Mrs. Holubousky, of Beamsville, July 3, a son.

Mr. and Mrs. Hamilton Fox, of Grimsby, July 3, a son.

Mr. and Mrs. James Blahut of Beamsville, R.R. No. 1, July 5, a son.

Mr. and Mrs. Harry Culp of Campden, July 5, a son.

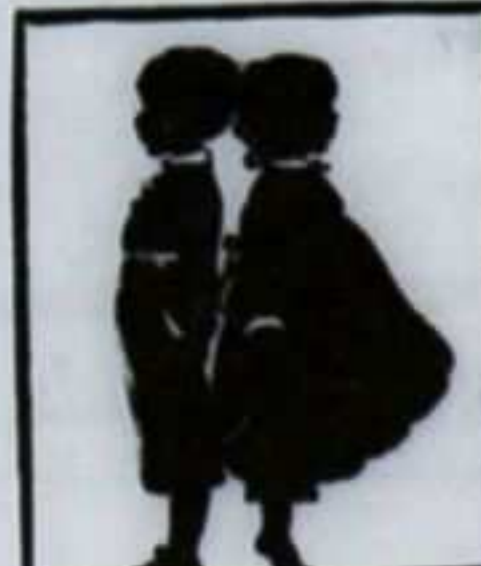

Mr. and Mrs. Arnold Bibby, of Grimsby Beach, July 5, a son.

Mr. and Mrs. Jacob Zanzen of Grimsby, R.R. No. 2, July 6, a son.

The average play boy soon plays out.

THANKS

Grimsby Lions Club wish to thank the people of Grimsby and surrounding district for the wonderful support which they gave the carnival.

Growing Every Day

Bring your children to us today for the photographs you, and they, will treasure through the years.

**SPORTOLOGY**  
(By Bones Livingston, Sportologist)

HAVE YOU KICKED IN YET—Last week we told you about opening up a fund to receive donations for Mike Sweet, who has been seriously ill, but who is now slowly making progress toward recovery. We received quite a few donations to this fund from sport fans, but we still want more. Mike Sweet for years has given of his time and what little money he could spare in boosting sport in general, and in training hockey and softball teams. Now Mike is in a condition that does not allow him to work for some time to come and he really needs a little financial assistance. In this connection we print below a letter that is self-explanatory. Read it and then bring your small or large donation to the fund to The Independent office and in due course it will be turned over to Mike.

Dear Mr. Livingston:—  
In reading the recent issue of The Independent, I naturally spent a few moments perusing the "Sportology Column" that is edited by yourself. I cannot always say that I have agreed 100% with your comments and I likewise know that you have not always agreed with my opinions on certain matters of a sporting nature. That is to be expected and it is likewise one of the advantages of living in a country where we enjoy freedom of speech and freedom of opinion. However, I am one hundred per cent. behind you in your last week's leading paragraph in Sportology.  
For a good many years—too many, as you know—I have been connected with sports in one capacity or another and I have never met another to equal the service that was given by Mike Sweet. Unassuming, kind hearted, and generous to a fault with his time and talents, Mike has been of invaluable assistance in connection with both hockey and softball teams.  
I am enclosing a small donation—actually a mite, but with it goes the hope and the prayer that all the remainder of the good sports in Grimsby will keep you busy acknowledging their donations.  
What about a real benefit softball game for this purpose. I feel sure that Tom Collins the Prexy of the League would be only too glad to co-operate.  
Hoping that you go over the top a thousand per cent.  
Rev. B. A. O'Donnell.

WITH THE FRUIT BELT SOFTBALLERS—Looks like there is trouble of some kind or other down JORDAN way. The lads from the east end have been unable, for some reason or other to field a team the last two games and as a result GRIMSBY LEGION and WINONA each get a game by default. Last Wednesday night STOP 69 lost out to STONEY CREEK by a 10-9 score, while WINONA were taking a beating 8-2 from STONEY CREEK. On Friday night BEAMSVILLE took a terrible shelling from STOP 69 by 20-4. On Monday night GRIMSBY LEGION went down to defeat at the hands of SMITHVILLE 5-2, while STOP 69 were bombarding GRIMSBY MOUNTIES 9-0.

**TWAS GALILEO SPOTTED  
MOVEMENT OF THE SUN**

Wanting to learn more about heavenly bodies, Galileo turned his study to the sun.  
At about the same time Galileo was right about the motion of the sun spots, a man in Germany saw sun spots, and another in Holland saw them. The earth swings around and the German guessed that they were planets seen against the background of the sun.  
"The spots on the sun are fixed at its surface," Galileo declared. "Sometimes two or three of them come together. Sometimes a spot will split into several parts. The spots always keep moving. They move in the same direction, which shows that the sun itself is twisting around."  
The great scientist was right about the motion of the sun. It now has been proved beyond all question that the sun makes one complete turn in about four weeks.  
Most persons of that time supposed that the earth stood still while the sun, planets and stars moved around it. They said that it was "against the Bible" to believe in the motion of the earth.  
When Galileo put his ideas in

books, he fell into trouble with thequisition. He was called before a church court, and told that he must take back what he had said. Somewhat feeble with years, he agreed to the order of the court.  
Whatever Galileo said at the end of his trial, we now know that he was right about the motion of the sun.

Beamsville vs. Grimsby Bn.  
Jordan vs. Vineland.  
An old-timer is the one who can recall when a man would go a fan to church with him.

**SMITHVILLE TOSSERS  
TAKE THE LEGION BOYS**

The Grimsby Legion Fastball team went down to defeat on Monday night before the boys from Smithville. The game was tight from the first to the fourth inning when the visitors loaded the bases and Pennel, Pegg and Book scored to break up the game. In the first of the fifth Pennel and Lymburner circled the diamond to make the score 5 to 0. The Grimsby tallies were by "Red" Mason in the seventh and Francis Craig in the ninth. Final score 5 to 2.  
Early in the game Gord Buchan injured himself in a fall back of first base in a successful attempt to get on. In the fifth inning he was taken from the game and sent to the doctor. Catcher Smith of Grimsby took over the mound chores and the team backed him to a man. Although the loss of Buchan was felt keenly Smith is deserving of a great deal of credit for a fine pitching display on very short notice (about 40 seconds).  
The other two outstanding players on the home team were in our opinion, Craig and Holder, while Pennel on the mound for the visitors was tops.  
Batteries — Grimsby: Buchan, Smith and Schwab (good old "Doc"); Smithville: Pennel and Book.  
The horse and buggy era was slow but at least the buggy workers never went out on strike.

## GLOWING TRIBUTE TO JEROME KERN MEMORY

A glowing tribute to the memory of the late Jerome Kern is offered on the Roxy screen in "Till the Clouds Roll By." M-G-M's star-studded Technicolor musical drama based on incidents in the famed composer's life and career.

But around Kern's touching friendship with his musical arranger James Heasler, and the latter's stage-struck daughter, Sally, the story traces the composer's arrival in New York full of hope and ambition, follows his rise to fame both here and abroad, accents the romantic meeting in England with the girl he eventually married, and ends on a dramatic note when Sally, embittered by a quarrel over her career, proves her talent as a singer and is reconciled to Kern whom she has always regarded as a foster-parent.

The role of Kern is brought to life with sympathy and warmth by Robert Walker in one of his finest portrayals to date. Van Heflin is splendid as the loyal and encouraging Heasler, and Lucille Bremer gives verve and spirit to the part of Sally. The girl with whom the composer falls in love after he "borrows" her piano, is delightfully played by Dorothy Patrick.

Punctuating the narrative are song-and-dance filled sequences from some of Kern's greatest successes and it is these that the picture's dazzling array of headlines are given an opportunity to offer a feast of talent.

There are so many high spots in the musical interludes that it is difficult to pick and choose but among the memorable moments are Judy Garland, in the role of the great musical-comedy star, Marilyn Miller, singing "Who," "Sunny" and "Look for the Silver Lining"; June Allyson and Ray McDonald singing and dancing in the rain to "Till the Clouds Roll By"; Lucille Bremer and the popular Van Johnson dancing to the provocative "I Won't Dance," and Miss Bremer's version of "Land Where the Good Songs Go"; still another dancing team, composed of Cyd Charisse and Gower Champion, doing "Smoke Gets in Your Eyes"; Kathryn Grayson singing "Long Ago and Far Away," and joining Tony Martin for the wonderful song, "Make Believe," and Dinah Shore's rendition of "They Didn't Believe Me" and "The Last Time I Saw Paris."

## ONE CORN COB PIPE TO MISSOURI FARMER

The Missouri corn cob pipe is as indigenous to America—and as persistent—as the Missouri mule. It was invented, perfected and manufactured on the banks of the Missouri River.

Before 1869 the corn cob was used as fuel, as a missile, as a brush to rub down a horse, or as a stopper for a jug. But one day, in pensive mood, a Missouri farmer sat and contemplated the cob which he held in his hand. He observed that it was long, tapered, rounded at the bigger end and pointed at the smaller. Its white surface was marked by corrugations which looked rough but yielded under fire pressure. When he took the cob in both hands and broke it, it snapped square off, showing its circle of hard woody substance about the central core of soft white pith.

Perhaps that day the farmer had left his pipe behind (writes Stanley Vestal in The Southwest Review). At any rate, it occurred to him, since he was a smoker, that by poking out the pith, boring a hole near the big end of the cob and inserting a stem, he could easily make a cheap and serviceable pipe.

He did his trading in the tranquil town of Washington on the south bank of the Missouri River. The next time he went to town he strolled up the quiet street to the nearest woodworking shop. The proprietor was Henry Tibbe recently arrived from Holland.

In the shop the farmer persuaded Tibbe to fit his rough piece of cob to the lathe and lay his chisel on it. Tibbe smoothed away the corrugations and then bored out the pith and drilled a hole. To this he fitted a reed stem and handed it back to the farmer.

The farmer thumbed tobacco into the bowl, struck a match and got his home-made pipe going. Then, in return for Tibbe's trouble, the farmer let the Dutchman have a few puffs from the pipe he had made. After the farmer left Tibbe began to wish he had a cob pipe of his own, asking the other half of the cob which the farmer had brought, he went to work and was soon puffing away.

The second pipe was an improved model. A Hollander naturally associates pipes with the fine white claylike mineral from which meerschaum pipes are made in the old country. It inevitably occurred to Tibbe to fill the cavities (left on the cob when the corrugations were scraped off) with plaster of Paris to make the bowl smooth.

An optimist is the person who puts a "Don't Open Until Christmas" label on the package and thinks the receiver will wait until such time to open the parcel.

## CONTINUATIONS

From Page One

### ADVERSE WEATHER

Apples—Based on initial set and prior to June "drop", the first preliminary crop estimates indicate an increase of approximately 30% over 1946 production, or a total estimated crop of 570,000 barrels. Varying increases are reported from all districts, the greatest being in Middlesex-Huron, Niagara, Elgin-Oxford and Norfolk. McIntosh, Baldwin and Spy show the heaviest varietal increases, with Stark and Early Varieties the same as last year. Trees generally are in excellent condition, with foliage and development good. Bloom and initial set appeared heavy in all areas, with exception of Snow in Peel-York. In most early sections apples up to and including McIntosh are now in the little apple stage. In later areas Calyx Spray has been applied.

Pears—Despite excessive heavy bloom, the initial set has been most disappointing and preliminary estimate is placed at 203,710 bushels, or a decrease of 22% from 1946. Kieffer indicates a decrease of 25%, Bartlett 13%, and Other Varieties 3%. Varying increases are reported from districts with poor crops last year which are more than offset, however, by comparatively heavy decreases in the main-producing districts of Niagara and Burlington. Pear orchards are in good healthy condition, with freedom to date from insect or disease damage.

Plums—The first estimate of 152,120 bushels is 49% less than in 1946, these prospects being due to poor set in the Niagara and Burlington districts following very heavy bloom. Practically all other districts show increases over or are the same as last year. By varietal classes, overall decreases are as follows: Japanese 60%, European 48%, Prunes 49%.

Condition of orchards and general development is good except for some blighted trees in the Georgian Bay area; and there is general freedom from insect or disease damage.

Peaches—With decreased crop prospects in evidence in all areas except Essex and Brant, the preliminary estimate for 1947 is now placed at approximately 793,000 bushels as compared with 1,475,590 bushels in 1946, or a decrease of about 47%. Based on first blossom show and tree conditions, indications were for a fair crop, but adverse weather caused poor set and considerable leaf curl, particularly

in the Niagara and Burlington districts. Some tree mortality is also expected due to excessive wet soil conditions in poorly drained orchards.

Cherries—Present indications point to a total cherry crop 66% less than last year, or a total of 59,850 bushels as compared to 172,130 bushels in 1946. The prospective decrease in sweet cherries is 49%, and in sour cherries 72%. In the main producing areas adverse weather conditions during heavy blossoming and extending through the set period resulted in poor pollination and considerable blossom and stem rot, despite every effort to combat same by spraying. The situation was aggravated in some areas by apparent earlier frost damage. The Georgian Bay and the Middlesex-Lambton district are the only ones indicating an increase over 1946. Trees and foliage, however, are in a healthy condition.

Strawberries—An overall estimate of about 5,126,500 quarts is now indicated, which is an increase of 10% over 1946. Adverse weather conditions were responsible for a reduction from earlier favourable estimates, particularly in Niagara two-year old patches despite some increase in acreage and plant population. Varying increases are predicted in Middlesex, Georgian Bay and Peel-York, with crop estimated the same as last year in other districts. Some decay was in evidence in early pickings, which may clear up if favourable weather prevails for balance of harvesting. In Essex the first pickings were on June 10th, and all early plantations elsewhere are now being harvested.

Raspberries—First estimate of 1947 crop is 1,893,000 quarts, or an increase of approximately 11% over 1946. With exception of some winter killing of canes in localized areas patches show healthy condition with heavy bloom, and fair to good prospects. Varying increases over last year are anticipated in Middlesex-Huron, Niagara, Georgian Bay and Essex districts, with other areas equal to 1946 production.

Grapes—Present indications are for a crop equal to that in 1946, or approximately 32,500 tons. Vineyard are in a healthy condition generally with good lateral growth, and having apparently a two to three bunch set.

Most anything can be made in Hollywood, says a movie writer. That is except an unusual picture.

## A MATURE MIND

Psychologists point out that the peace of the world depends on the judgment and influence of mature hands. But what is a "mature" person? Two American psychiatrists, Drs. Edward Strecker and Kenneth Appel offered this definition: "Maturity is the capacity to give more than is asked or required in a given situation. It is reliability, persistence to carry out a purpose in face of difficulties; ability to

make one's own decisions; ability to struggle through until a job is finished; ability to endure hardship, frustration, discomfort to get the task accomplished; the capacity to co-operate, to work with others, to work in an organization and under authority to achieve the desired result. Above all a matured person can show tolerance and has the qualities of adaptability and compromise." How many people can pass this test with high grades?

## BABY OF QUINT FAMILY ADDS A FRIEND

Copyright, 1947, King Features Syndicate from I.N.P.

His excellency, the Most Reverend Dr. Mar Ivanios, Archbishop of Tribandrum, India, seems to be enjoying his visit with Baby Claude, the youngest of the Dionnes. The nine-month-old by accompanied the rest of the Dionne family on their visit to the Marian Congress in Ottawa, Ont.

## NEW BABY RECORD SET BY THE STORK

(St. Catharines Standard)

After the record week-end for births at the General Hospital here on June 22-23, when seven babies arrived within three hours on Sunday and again on Monday, only a normal number of births were needed to exceed the 130 registered last year in the month of June.

This June the monthly quota was raised to 138.

Four babies all boys, arranged to have their birthday fall on the same day as the birthday of Canada by arriving on Dominion Day.

There have been 763 babies born at the local hospital since January 1, as compared with 610 during the similar period last year.

## TENNIS CLUB FORMED

A meeting was held in Trinity Hall on Monday night for the formation of a Tennis Club in Grimsby. Mel Johnson outlined the idea and told of what further improvements were to be made to the tennis courts.

Rev. E. A. O'Donnell addressed the gathering and gave out some good advice regarding the rules and playing courtesy.

A motion was passed that "tennis be allowed on Sunday provided that no church or Sunday School service be in progress."

Another meeting of the club will be held on the courts on the evening of Tuesday, July 29th, at 8.30 p.m.

## ORGANIZED SPORTS AT HIGH SCHOOL GROUNDS

A Lions Club committee, under the chairmanship of Don Awde, principal of the High School, are organizing sports nights for the kids of the town. These nights of organized sports are to be held on the High School grounds, on Tuesday and Thursday evenings from seven to nine p.m., commencing TONIGHT (Thursday).

Mr. Awde and his committee will be on hand each night to organize and supervise the sports and games and all kids of school age are invited to attend.

## RODEO IN BEAMSVILLE

Monday and Tuesday will be big nights at the Fair Grounds in Beamsville when the Cherokee Rodeo comes to town. It will be real wild west style with cowboys, cowgirls, bucking broncos, Brahma bulls, steers and comics.

Sponsored by the Clinton and Louth Agricultural Society this rodeo will draw hundreds to the two-night stand. They really go for wild west shows around the district.

So join the crowd and climb in the car and head for Beamsville next Monday and Tuesday night. Bring the family and all your friends and root for your favorite fries and horses.

## CONTINUATIONS

### From Page One

#### GRIMSBY TONIGHT

discussion about Grimsby and district.  
Mr. Bill Weir, general manager of CKTB will join in the discussion by asking questions and Mr. Combes, of the Niagara District Historical Society, will be the expert on historical questions that the group cannot answer.  
This program is directed at the American and distant Ontario listeners who may be interested in the Niagara District, but Grimsby people who listen in may hear something they don't already know and it should prove of general interest to all.  
So dial CKTB, 1550 on your dial, tonight at 8.30.

#### TOWN COUNCIL

Airey was here the other night and talked to you. You cannot pass that motion until all the questions he asked are taken up here and discussed. We should only do that with a full council. We brought the Inspector in to ask for information. We got it. Now this motion asks that we request the Provincial Police to police the Town of Grimsby, and this with Town Councilmen absent. What is the rush?  
Mr. Bonham, then briefly outlined the police situation of past years. He wanted to know more yearnment and what the cost was in fact to be. He believed the question, to be definitely settled, should not be done by nine men. That not be should be settled by the question. He drew attention of citizens that there would be an election in—"You heard Inspector Airey that you had a very good police officer in this town and he had a high regard for him."  
Bonham made a straight shouldered speech in which he outlined all the things that had from red, pro and con, during the election. He mentioned the fact that Airey told them that the police force certain duties that the Inspector police force were doing there the Provincial Police would present. He named a number of that the ies, which if not done by not do. He said Police would mean these duties, extra men to do the the Provincial Police.  
Bonham—"Let the oth's whole bers of council sit here; y Reeve public sit here and hear them." question aired. I ask Deputy y his Price to withdraw his motion."  
Mr. Price agreed to withdraw his motion and stated, "I still believe that the Provincial system is only system for this town."

Bonham—"This question is going to be dealt with openly, and I want the press to hear this. In the first place we can do nothing without passing a bylaw. If there is I will take the matter to the courts. Things are going to be done openly. You must answer the questions on that questionnaire."  
Price—"We must first make an application and forward it to Provincial Police with the completed questionnaire."  
Bonham—"The people of this town are entitled to the facts and they are going to get them."  
Hewitt—"Let's draw a bylaw and have the people vote on it."  
Bonham—"I am with you one hundred per cent."  
Clerk Bourne—"As this motion stands it is out of order."  
Inglehart—"I do not think we should change our police in the middle of the year. I see no reason for the rush. Give the matter some publicity, let the people have all the facts."  
Johnson—"I think we should let the people decide this question, though personally believe the Provincial system is the best."  
Bonham—"Under Provincial Police system it will cost the people of this town over \$8,000 a year. If the people vote for it I am satisfied."

In answer to a question, Mayor Bull stated that "the minimum salary of a Provincial Police officer is \$1,750, plus car mileage of six cents a mile, and all office expense. In 1946 police wages totalled \$2,666. First six months of this year wages totalled \$1,718."  
Bonham—"You will find that the Provincial Police are paying higher than the minimum in other places, and there will be a raise all across the board at the first of the year."  
Bonham—"If the members of this council as a whole and the citizens generally had supported and given their co-operation to their police force in the past three years that they should have, then none of this police discussion would have ever taken place."  
At this juncture the following motion was passed unanimously:  
Hewitt-Johnson—"That this council instruct the Clerk to have our solicitor draw up a by-law to the effect to have a by-law that the people vote on wanting the Ontario Provincial Police, or not, police the Town of Grimsby at the annual election."  
Councillor Bonham told council it was expected to have the new telephone and light flasher system for the police force in operation within a short time.  
Mayor Bull suggested to council that he would like to see a Book of Remembrance to all the service men and women of Grimsby and North Grimsby prepared and deposited in one of the local churches. A page for each person containing all the information about that person and particularly about the men who had made the supreme sacrifice.

He understood that there were in existence three different lists of the local service personnel but none of them complete. A book containing all the names of the men of the First World War is now in the council archives. Council forgot about the suggestion in the heated debate that followed over police matters.  
The following motion by Deputy Reeve Price and Reeve Hewitt was carried unanimously:—"That an application be made to the Postmaster General's Department as to the possibility of having the mail delivered within the borders of the Corporation of the Town of Grimsby."

Councillor Chivers was absent through illness and Councillor Altom was absent on account of being on holidays. Councillor Inglehart was half an hour late in taking his seat.  
Mayor Bull asked council and spectators to stand for a moment out of respect to a great statesman, a great leader and a great man, who had passed on, Lord R. B. Bennett, one time Prime Minister of Canada.  
Councillor Johnson reported that he had been successful in getting the bylaw in connection with sewers, water mains and sidewalks in the Aitchison Survey ratified by the municipal board in quick order and he understood that some contractors were tendering on the job. He asked that a special meeting of council be held early next week to deal with the tenders. Council will meet on the 15th, without fees.  
The restaurant and cigarette licenses of the Fruit Belt Restaurant were transferred to the new owners.  
West Lincoln branch, Canadian Legion, was granted a permit to hold a carnival on the municipal grounds on August 28th and 29th.  
During the illness of Councillor Chivers, Councillor Inglehart will act as Chairman of Board of Works.  
Monday, August 4th, was proclaimed as Civic Holiday.  
During June, 14,917,000 gallons of water was pumped at the pumping station; average per day 497,000 gals.; biggest day, June 30th, 644,000 gals.; smallest day, June 1st, 379,000 gals.; increase over June, 1946, 1,797,000 gals.; increase in daily average over 1946, 59,900 gals. Gasoline engine run four hours. Lake level up six inches over June, 1946.  
North Grimsby East End system used 1,533,000 gals.; West End, 537,000 gals.  
Power bills, June, 1947, \$151; May, 1947, \$148; June, 1946, \$158.  
Court of Revision on the assessment on the sewers, watermains and sidewalks, will be held on Friday, the 25th, at two o'clock.  
Chief of Police Turner reported that during June there was one court case for causing a disturbance and fined \$15; one traffic by-law infraction, fined \$2; one man

apprehended for Kitchener police; complaints investigated 18; dog tax collected \$12.  
Joint Fire committee accounts for \$42 were ordered paid.  
Relief accounts for June amounting to \$74.  
General Voucher accounts for \$3,668, were ordered paid.  
An account for \$2,500 for hydrant rental for 1947, for 70 hydrants, from the Water Commission, was ordered paid, which led Councillor Bonham to observe "that \$2,500 a year for 10 years is \$25,000. Now you could buy a lot of hydrants for that amount of money."  
Building permits were issued as follows:  
F. J. Burton, 80 Paton St., one

storey addition to his dwelling, \$800.  
M. Dirksen, 28 Robinson St. N., addition to dwelling, \$400.  
H. Henley, 257 Main W., storage building, \$150.  
Sam Lentz, 42 Ontario St., rebuilding house, \$500.  
P. Kirz, Five Doran Ave., cellar foundation, \$50.  
Deputy Reeve Price wanted to know "who cuts the weeds in this town."  
Coun. Johnson quired about what action was being taken regarding the sewage disposal plant.  
We used to say as "rare as hen's teeth." Now it's as priceless as hen's eggs.

## The Quality Tea

# "SALADA" ORANGE PEKOE

## The New Hoover

"Easy Cleaning" is its middle name!

- Rolls like a doll buggy...
- Keeps rug colors fresh...
- Picks up dog hairs and lint in a jiffy...
- Easy to get out—easy to put away.
- Converts instantly to cleaner for upholstery, draperies, lamp shades, and more! Never before so much Hoover at so low a price.

Come in for details on the New Hoover Cleaner, Model 281
